

Tarantula's Twist

Rebecca A. Pulju

Moderately ($\text{♩} = \text{ca. } 160$)

3

mf Once lived a great big ta - ran - tu - la spi - der, who
Then came an - oth - er ta - ran - tu - la spi - der, who

5

loved to go danc - ing out un - der the moon.
watched with de - light as the oth - er would twist.

8th both hands (after D.C. only)

9

mp Oh, how he wished for a friend who would join him, but
Now on a web they both fro - lic to - geth - er and

(8th)

13

an - y who saw him would scream out and swoon.
prance the whole night as they dance in the mist!
